

Auto Non Woven Shopping Bag Machine (SE-GW2012A)

Summary

The Auto Non Woven Shopping Bag Machine produces top grade non-woven bags and shoes bags, handbags, etc. widely used in various types of non-woven fabrics, plastics, PE synthetic compound made of various materials, such as handbags, bags, all types of linen, coverings, packaging sealed.

Technical Data

Model	SE- GW2012A
Voltage	220V
Power	12W
Frequency	15KHZ or 20KHZ
Width of material	1.2M
Size	5500mm x 3500mm x
Weight	2000kg
Thickness of the material	230-120 g/m2
Inner diameter of the material roller	3"
Length of the bag	250mm-520mm

Functions and Features

- ✓ Apply to various non-woven bag such as vest bag, hand bag, HDPE bag, shopping bag and so on.
- ✓ Vest bag: Length: 50-60cm, can set the max length to 80cm.
- ✓ Five sets of ultrasonic systems, steady working.

- ✓ "L" type structure, saving space effectively.
- ✓ Protective system for no material, correction system, enhance product qualification rate.
- ✓ Change cutting and sewing effect by exchange the pinch roller.
- ✓ Modular design, component exchange convenience and simple.
- ✓ PLC control, high accuracy and small error.
- ✓ Stepless variable speed, stable performance, debug conveniently.
- ✓ Operates simply, easy to learn and use.

Machine Details

Technological process of Fully-auto non-woven bag machine

Loading (non-woven coiled material)→folding→ultrasonic sewing→cutting→bag making→waste recovery→counting→stacking.

Process full automatic except one or two person feed and take the finish goods, reduce the labor and improve working efficiency; adjust production speed and product size—up to a point; multifunction automatic non-woven bag machine operated by touch screen, with stepping fixed-length, photoelectric tracking(running accurate and steady),auto counting(can set counting alarm), auto punching and any other Industrial device; install waste recycled device to collect the waste materials in production process which can recycle.

PLC control interface, regulate and control simply and intuitive
